Alaskan Reflections

by Savannah Johnson

If you're into silly creatures doing silly things then this book is for you. Join a pair of unlikely moose friends on a journey through Alaska. Frank and Fred embark on a mission to find food but along the way, they meet tough obstacles. The moose avoid a crazed dog and eventually find themselves shredding down a ski resort!

"Flowers by the Lake"
artist: Samara Johnson

A photograph of a sunset over a lake. The sun is low on the horizon, casting a golden glow across the sky and reflecting on the water. In the background, there are dark, silhouetted mountains. The foreground shows the dark outlines of trees and a fence.
